## Glove Sizing Guide

### Step 1

#### Index Finger Length (mm)

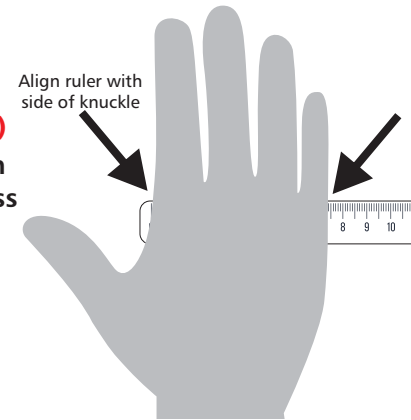

Measure your index finger length in millimeters from the notch area between your index and middle finger to the top of your index finger.

### Step 2

#### Hand Width (mm)

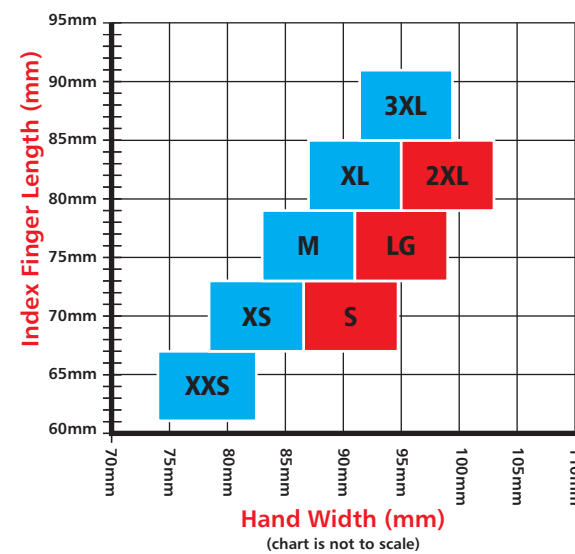

Measure the width of your hand across the knuckles in millimeters by placing your hand over a ruler.

### Step 3

#### Determine your glove size

Using the two previous measurements (length and width), find where they meet on the chart at right. Select the size that covers the intersecting measurements. If your index length falls between two sizes, select the smaller size. If your hand width falls between two sizes, select the next size up.

Cinch cord keeps wind and rain out

Leak proof zippered pouch for HotHands® warmer

Velcro snugger provides better fit and dexterity

Soft terry cloth on back of thumb for runny noses

Well insulated palm and back

Spandex index finger for maximum dexterity

# Cold Weather Gloves and Mitts

# Q3-Three Season Hunting and QS-Shooting Gloves

- Gloves and mitts with liners that won't pull-out
- The moisture barrier is "silent" during temperature changes while remaining waterproof and dexterous

- Waterproof, yet breathable, moisture barriers
- Convenient water-resistant zipper on the back allows easy insertion of HotHands® hand warmers for greater comfort in really cold weather

## Quack Attack Cold Weather Gloves

- Available in: Black (BLK), Sage (SAG), White (WHT), Break Up Country (BUC), New Bottom Land (NBL), and Shadow Grass Blades (SGB)
- Style QA

## Quack Attack Cold Weather Mitts

- Available in: White (WHT) and Shadow Grass Blades (SGB)
- Style QM

**QA & QM style gloves and mitts are guaranteed waterproof for the life of the glove. Sizes available from 2XS to 3XL—our gloves just fit better!**

## Three Season Glove

- For early spring and late fall
- Guaranteed waterproof for the life of the glove
- Gloves with liners that will never pull out
- The moisture barrier is "silent" during temperature changes while remaining waterproof and dexterous
- Uninsulated
- Available in White (WHT), Shadow Grass Blades (SGB) and Break Up Country (BUC)
- Style Q3

## Shooting Glove

- Snug fitting textured digital cow leather palm.
- Secure grip with sensitive index finger for trigger safety
- Breathable fabric back of hand for comfort in warm weather
- Velcro®/Neoprene cuff closure provides secure fit at the wrist
- Not water proof and uninsulated
- Available in Black (BLK), Sage (SAG), Tan (TAN), Break Up Country (BUC), New Bottom Land (NBL) and Shadow Grass Blades (SGB)
- Style QS

## Work Glove

- Made with premium grain cow leather, tanned to remain soft yet durable.
- A staff favorite, this work glove is close-fitting by design. This unlined glove is just about as comfortable a glove as you can find. We use Kevlar® thread with an elastic snugger. Dries quickly, and remains soft with a high level of dexterity for all your work.
- Style FX-15

## Long and Short Cuff Work Gloves

- Snug and very comfortable with a Velcro closure
- Made of supple, durable premium unlined cow
- Dries quickly and remains soft
- Style QO — specify short or long cuff when ordering
